### *Town Manager's Comment's on the FY 16 Budget*

July 1, 2015

Dear Residents, Property Owners, and Business Owners:

The formulation of the Town Budget is a long and complicated process that involves a review and analysis of past budget histories and current available information from local, state, and nationwide sources. The final product is the result of a planned process that encourages input and questions from residents, property owners, and business owners in the Town of Dumfries. Department heads submit a detailed review of the status of their current budgets and look at the Comprehensive Plan and the Capital Improvement Plan to assist them in estimating costs and needs for the coming fiscal year. Several work sessions and a public hearing are held and the Town Council, after careful consideration, passed the FY 16 Budget contained herein. This approved budget, along with the narrative provided for each department, becomes the blueprint that will guide our efforts in achieving goals and completing projects as outlined in the budget documents.

With this budget, the Town Council continued its five-year effort at reducing taxes and fees in the Town and a property tax rate of .1899 cents per \$100.00 of assessed value has been set. This represents a concerted effort on the part of Town Staff to develop a realistic budget that maintains or increases the level of services provided without significantly increasing the tax burden on our residents and business owners. In future budgets, the costs associated with the implementation of our Capital Improvement Plan and much needed transportation projects will continue to put increased demands on funding sources.

Transportation and Economic Development are still the two most important issues that will continue to shape the ability of the Town of Dumfries to grow and prosper over the next several decades. Residents must realize that there are factors involved in these issues that are beyond the control of the Town staff and elected officials alone. We will continue to work with state and federal authorities, as well as with residents and local businesses, to move these issues forward. I firmly believe that the eventual completion of the Route 1 Widening Project will be the gateway for revitalization and economic development in the Town.

Included in this budget is funding for the purchase of land for the construction of a new police station. Future budgets will address the costs associated with engineering, site preparation, architectural planning and final construction. Once that project is completed, discussions and planning will take place for the eventual construction of a new Town Hall facility.

The Town will be facing significant challenges in the future dealing with stormwater management issues. As our infrastructure continues to age, costs associated with effective stormwater management and the replacement of deficient system components will continue to put a drain on limited resources. New state and federal regulations dealing with stormwater management requirements are placing additional unfunded mandates on state and local governments. This could result in costs for future budgets in excess of \$100,000 per year.

I continue to be proud of my staff and their commitment to doing the right thing and insuring maximum results with the resources they have available to them. In addition, I appreciate the support provided to staff by the Town Council, residents and the business community. Together we can and will make a difference as we continue to move the Town of Dumfries forward.

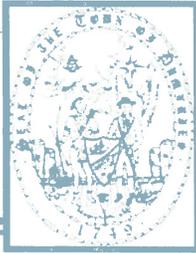

Sincerely,

### *Mayor's Comments on the FY 16 Budget*

3 August 2015

Dear Residents, Property Owners & Business Owners,

In accordance with the Town Charter, I am hereby presenting the Town Council's approved Fiscal Year 2016 (FY16) Operating Budget for the Town of Dumfries.

As our nation continues its slow path to economic recovery from a global recession, our Town government must make increasingly shrewd, strategic choices about our spending priorities. The Town of Dumfries has been fortunate in its ability to weather this economic storm. Dumfries over the course of the past four years has worked hard to develop a balanced, strong economy that serves everyone while cautiously managing the fiscal constraints that dictates our path forward.

I have continued to pledge that I will do my utmost to eliminate unnecessary expenses wherever and however we can and make the most effective possible use of taxpayer dollars. The Town of Dumfries must fairly and critically assess where expenditures are occurring by department, additionally our Town must find ways to manage and generate revenue. During FY15 the Town Manager collected business licenses & taxes that were not being appropriately accounted for, the Town Manager's efforts have accounted for a higher than average reconciliation of anticipated revenues. The remaining category that is a challenge is the vehicle decal tags utilized by the Town. The challenge in FY16 will be for the Town government to develop a program for management of vehicles and pursue collection accountability.

In 2009, the then Mayor and Town Council passed an equalization initiative that raised FY10 fees and taxes in the following categories:

- Property tax rate increase from \$0.18 to approx \$0.35 per \$100 assessed value,
- BPOL rates increased 10% across the board (every category),
- Vehicle tag fees increased by \$3.00 per vehicle (from \$24.00 to \$27.00),
- Cigarette taxes increased by \$.30 per pack (from \$.30 to \$.60 per pack),
- Stormwater Management fees increased \$12.00 per residence (from \$10.00 to \$12.00 a resident).

As of the FY16 Annual Operating Budget the following initiatives have been rolled back:

- Property tax rate of approx \$0.18 per \$100 assessed value,
- BPOL lowered by \$.01 across all categories (a 4% reduction),
- Vehicle tag fees reduced to \$24.00,
- Cigarette Tax reduced to \$.55 per pack,
- Stormwater Management fees lowered \$10.00 a resident.

The future of our Town's economic development hinges on forming lasting partnerships with Prince William County, the Prince William Chamber of Commerce, the Dumfries Business Association, numerous non-profit and corporate partners across the community. With these partnerships there will be the ability to bring new jobs, improve the quality of our workforce, and do everything we can to make Dumfries more competitive and desirable. For the Town of Dumfries to succeed, we must cut spending, invest in our future and generate revenues. The Town of Dumfries must demonstrate fiscal discipline and responsibility to create a leaner, more efficient government without overburdening our residents. I am proud to say that since 2012, while neighboring towns and municipalities across the state have raised taxes, the Town of Dumfries has worked hard to lower taxes.

The Town government has an obligation to spend your tax dollars with the utmost responsibility. The Town of Dumfries Council and Staff should do everything in our power to ensure that your tax dollars are being used properly to invest in our collective future. Council has approved a FY16 budget of \$4,853,009 million, which is a \$315,663 increase over the FY15 Adopted Budget of \$4,537,346 million.

### **Challenges**

While there are many positive things to be excited about in the Town of Dumfries, no community is without challenges. As Mayor, it is incumbent upon me to make sure that our Council and citizens understand any potential issues or challenges that we need to properly address in the future. The following challenges are still before us:

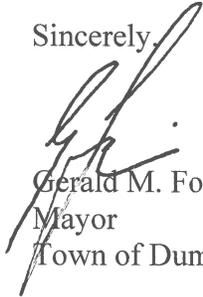

- Unfunded Mandates: Unfunded mandates continue to be a significant problem with the responsibility being shared equally between the federal and state governments. These issues include enhanced environmental compliance programs such as stormwater treatment, Chesapeake Bay initiatives, mandatory line of duty insurance benefits, VRS, retirement directives, road maintenance and public safety operations that are coming at a crippling pace which forces localities to incur significant operational costs and debt service to fund these items.

- Corporate Limits: Our Town is approximately 1.63 sq mi (1048 acres) and a major challenge is, we are limited to no build-out of our existing corporate limits. With the exception of several residential projects (Orange St and Tripoli Blvd Drainage Improvement) as well as the business development of the Town Center Project (Main St) that are currently underway is all that is left to develop. This translates to a short term solution of redevelopment or reuse of existing business parcels in Town. Tax incentives for property owners/developers will translate to these projects being completed in the next eight to ten years and at that point, we will be facing a scenario unlike any other jurisdiction in Northern Virginia. This results in the Town not having additional property located within the corporate boundaries where vacant and redeveloped land will allow for new residential or commercial projects. At this point, the Town will see a significant, if not, complete decline in our availability fees, proffers, new residential and commercial assessments not attributed to renovations and other similar sources of new revenue. The Town will have to rely on creative revenue options and increased business opportunities from residential growth in Eastern Prince William County to allow us to continue to see a positive expansion in our overall revenue sources.
- Stormwater Management (SWM): The Town's SWM system is independent of Prince William Forest, MCB Quantico, Prince William County and I-95 Freeway runoff, which means elected officials at the local government level are grappling more and more with financing and managing SWM improvements within the FY operating budget. The Town of Dumfries is at the bottom (low point) of Quantico Creek and its many tributaries, as such the aforementioned localities runoff into Town properties. Over the past several years the Public Works Department has made efforts to identify, repair, maintain and build a comprehensive SWM system. Over the past twelve months, Public Works has made great strides to improve the Town's SWM program. Scheduled and remedial maintenance needs have been met. The Council needs to address Quantico Creek restoration and efforts need to be a fully funded priority in the immediate future. Residents along Quantico Creek have dealt with water runoff and have been subject to the erosion of property and flooding of their homes for too many years, it is long overdue to properly address these taxpayers' needs.
- Transportation Infrastructure: The Town's roadway and pedestrian infrastructure is in need of repair. Graham Park Rd/Curtis Dr/Rte-1 Intersection and Multi-Modal Phase II are all behind schedule which is now causing quality of life degradation. Rte-1 (Fraleigh Blvd) widening must be engaged and monies set aside. I am happy to report connectivity dealing with sidewalks connecting Liberty Village to Rte-234 is complete. Currently 54,000 vehicles per day travel through the approximately 2.01 miles (10,650 ft) of Rte-1 in Dumfries. Our transportation projects can no longer afford to be delayed.
- General Fund: The general fund is paying the debt service on the Towns' initiatives which the public supported over the last few years. In order to continue to fund these series of capital projects which has and will result in many of the transportation and pedestrian as well as infrastructure improvements, the Town must meet with financial consultants and determine that without sustained natural growth, the Town will have to generate additional funding to pay for our debt service. Our Town's debt service from FY15 \$388,609 to a projected FY16 \$388,108 has decreased by 1%; we are moving in the right direction.

As Mayor, I will continue to work tirelessly to ensure our Town receives its fair share of resources and that these resources are utilized in the most efficient and effective manner possible.

Upon reviewing this budget, if there are recommended changes for consideration, please contact the Town Manager, the Council, or myself. All recommendations will be considered at the Mid-Year Budget Review. This is your budget, this is your Town and we are your elected officials. Hold us fiscally responsible.

Sincerely,

Gerald M. Foreman II  
Mayor  
Town of Dumfries

## Discussion of FY 16 Revenues

Staff utilized the best available information in making revenue projections. Mid-year and estimated final 6-month expenditures among other things were considered in making the revenue projections.

### **10-311-0101 Real Estate Taxes - Current**

Property taxes are collected in December and June of each year. Property values have increased with initial assessment values increasing by \$32,422,900 subject to any appeals adjustments. The estimated 2015 total, per the County, is \$398,253,400. This compares to \$365,830,500 in 2014, an increase of 8.9 %. This budget proposes that the Real Estate Tax rate be reduced from .2333 to .1899 cents per \$100 of assessed value for FY16. This tax rate will continue to deliver on a promise made to residents and property owners in 2010-2011 to work to return the property tax rate to .18 that was in place prior to the significant property tax rate increase that was passed at that time.

### **10-311-0102 Real Estate Taxes—Delinquent**

The Town is currently owed \$80,218 in delinquent taxes going back to 2007. Projected revenue from this source is projected to be at \$20,000 in FY 16.

### **10-311-0201 Real Estate Taxes—Public Service Corporations**

The State Corporation Commission provided assessed value for 2014 of \$7,857,018. The projected revenues for 2016 based on this evaluation are \$23,045.

### **10-311-0601 Real Estate Taxes—Penalty**

This projected revenue for FY 16 remains the same as projected for FY 15.

### **10-311-0602 Real Estate Taxes—Interest**

This amount is based on considerations given to what has actually been received in FY 15 with projections through the end of the current FY.

### **10-312-0101 Sales Tax**

The sales tax that the Town receives is a share of the state sales tax received by the County and distributed to all towns within the County based upon the proportion of school-aged children within the Town as compared to the total number of school-aged children in the entire County. This method of distribution is stipulated in §58.1-605.H., Code of Virginia, 1950, as amended. We are estimating a slight decrease in the FY 16 distributions.

**10-312-0102 Rental Tax**

The Town receives a portion of the use tax placed upon the rental of motor vehicles by the Commonwealth of Virginia and distributed back to jurisdictions based upon the rental agencies within the jurisdiction.

**10-312-0103 Rolling Stock Tax**

The rolling stock tax is imposed by the Commonwealth of Virginia upon railroads and motor vehicle carriers pursuant to §58.1-2652 through §58.1-2659, Code of Virginia, 1950, as amended. One half of the collection is distributed to local governments in such percentage as the fair market value of roadway and track located within the jurisdiction bears to the total market value of roads and track in the Commonwealth of Virginia. As we have no railroad track within the Town and our total portion of roadways is small compared with the total mileage in the state, our share of the rolling stock tax is quite small. For FY 16, I estimate that we will receive \$50 for this item.

**10-312-0201 Consumer Utility Taxes**

The Town imposes a tax on consumers of natural gas and electricity. This takes the form of a consumption tax. These sources are fairly consistent, with increases coming primarily from growth and development (more connections means higher collections) and occasionally as a result of extreme weather patterns that would maximize consumption. This amount is based on the FY 15 projected and actual numbers.

**10-312-0202 Right-Of-Way Use Fees**

Each telecommunications company that utilizes Town owned rights-of-way pays the Town a fee established by the Commonwealth of Virginia for the privilege of such usage. At present, this includes Verizon and several small companies. The budgeted amount for FY16 is consistent with current budget numbers.

**10-312-0203 Telecommunications Tax**

The Commonwealth of Virginia began a process of uniform billing and collection of this tax, with redistribution to the localities, starting in January 2007. We are projecting a slight decrease based on FY 15 projected and actual numbers.

**Business Licenses**

The Town of Dumfries has a business license ordinance that conforms to the Code of Virginia. The FY 16 tax rates for each class of business are listed below:

<b>10-312-0301</b>	Contractors	\$30.00 or \$ .092 per \$100 of gross receipts
--------------------	-------------	--

<b>10-312-0302</b>	Retail sales	\$30.00 or \$ .125 per \$100 of gross receipts
<b>10-312-0303</b>	Real estate, prof. services and financial services	\$30.00 or \$ .29 per \$100 of gross receipts
<b>10-312-0304</b>	Repair, personal, business services	\$30.00 or \$ .18 per \$100 of gross receipts
<b>10-312-0306</b>	Wholesale/Other	\$ .02 per \$100 of gross receipts
	Telephone businesses	.5% of gross receipts
	Telegraph businesses	.5% of gross receipts
	Water, heat, light, power	.5% of gross receipts
	Savings institutions	\$50.00

**10-312-0401 Franchise License**  
This is based on FY 15 projected and actual numbers.

**10-312-0403 Parking Lot Lease & Maintenance Fee**  
This amount is based on actual numbers per the Town’s contract/lease agreement with the property owner.

**10-312-0501 Vehicle Tags**  
That Town requires that each motor vehicle be licensed through the Town by the purchase of a motor vehicle tag/decal. This includes cars, trucks, motorcycles, scooters, motor homes, and buses. Although many other jurisdictions have eliminated the sticker and just charge the fee, this is typically done when payment for the personal property tax is due. Because the Town does not have a personal property tax, it must continue to use the tag/decal method for collecting the fee. The license year runs from April 15 to April 14. The FY16 budget maintains the vehicle tag fee at \$24.00. This is a fairly constant number, changing only through the increase or decrease in the number of residents and vehicles registered. Enforcement of the requirement to purchase a Town vehicle tag/decal depends on the ability to be able to prove that a vehicle is registered at a location within the Town of Dumfries. If an individual moves to Dumfries yet fails to change the address on their vehicle registration, enforcement of the Town vehicle tag/decal is very difficult if not impossible.

**10-312-0601 Bank Stock Tax**

The Town has a bank franchise tax that conforms to the Code of Virginia. The tax is imposed at a rate of 80% of the state imposed rate. The current rate that the Town imposes (which is the maximum permitted by law) is \$ .80 per \$100 of net capital as defined by §58.1-1209, Code of Virginia, 1950, as amended, with the net capital being prorated among the various branches owned or held by each bank. The amount generated in this line item only changes when there is a substantial change in net capital or when a new bank is located within the jurisdiction. The Town has one bank that pays this tax, Bank of America.

**10-312-1001 Transient Occupancy Tax**

The Town charges a tax on the rental of rooms for temporary occupancy. The primary contributors to this revenue are the two chain motels on Rt. 1. Many of these rooms are rented to construction workers on a regular basis with tourist and other business occupancy representing the remainder.

**10-312-1101 Meals Tax**

The Town charges a tax on the sale of foods prepared for immediate consumption, on or off premises, as allowed by law. Next only to real estate taxes, this is the second largest source of revenue to the Town. Traditionally, the largest portion of this revenue continues to be received from the restaurants located on Rt. 234 at the northern edge of the Town where highway travelers pull in for easy access to a quick meal. This amount is projected to remain consistent with what has been projected for FY 15.

**10-313-0300 Permits and Fees**

Permits and fees include such things as the fees charged for building permits, and other miscellaneous fees not including those fees charged for zoning and subdivision activities. This amount is based on FY 16 projected numbers and assumptions for an increase in permits issued for FY16, including approximately \$200,000 for permits that will be issued for the Town Center Project.

**10-313-0301 Planning/Zoning Fees**

This line item represents the estimated fees that will be received by the Town for zoning permits, site plan reviews, subdivision applications, requests for zoning amendments and the like. This amount is based on FY 15 projected and actual numbers and consideration for potential projects that are expected to proceed in FY16.

**10-314-0101 Court Fines/Forfeitures**

This revenue source is not very predictable as it is dependent upon the commission of illegal activities by the public, the effectiveness of law enforcement and general enforcement, and the success in the legal system to produce the revenues. The FY 16 amount is based on FY 15 projected and actual numbers.

- 10-315-0100 Interest**  
 Interest rates continue to bottom out with no increases expected in the foreseeable future. This amount is based on FY 15 projected and actual numbers. The Town Manager and Treasurer will continue to watch this situation carefully to make investment decisions to maximize the return on investment to the Town.
- 10-318-9914 Miscellaneous Revenue**  
 This line item includes all other local revenue not classified in other areas, including revenue from the sale of property, refunds and rebates, and miscellaneous fees.
- 10-324-0406 Street/Highway Maintenance**  
 The Commonwealth of Virginia, through the Virginia Department of Transportation, pays jurisdictions that maintain the public highways the amount that is calculated to be the average VDOT cost of maintenance per lane mile. This projected revenue figure is based on the most current information available.
- 10-324-0407 Litter Control**  
 The Commonwealth of Virginia provides a small amount of funds to localities to address litter control. Funds are distributed on the basis of population and come from a special state tax on manufacturers, distributors, and wholesalers of certain packaging and products. The funds are available on a discretionary basis and must be used for litter prevention activities. Available funds for FY 16 are based on the most current information available for FY 15.
- 10-324-0408 Highway HB2313 Funding**  
 This is the projected amount the Town of Dumfries will receive for Town transportation projects based on HB2313 allocations. This is reimbursement funding for projects recommended to and approved by the Town Council that are then forwarded for approval to Prince William County.
- 10-324-0410 Blighted Property**  
 This is the projected amount to be collected for repairs to blighted properties. This amount is based on FY 15 projected and actual numbers and anticipated spending needed to bring blighted properties into compliance in FY 16.
- 10-324-0414 Police Aid (599 Funds)**  
 The Commonwealth of Virginia provides a supplement to those jurisdictions that provide police services. It is anticipated that the funding available in FY 16 will remain consistent with FY 15 numbers.

- 10-324-0415 DCJS/LLEG**  
This is a State sponsored grant for Law Enforcement and we anticipate receiving \$1,500 in FY 16.
- 10-324-0416 Byrnes/JAG Grant** had been used to finance “Dumfries Cares” programs over the past three years. There is no projected revenue from this grant in FY16.
- 10-324-0417 DMV Grants**  
This is a projected grant amount. Funds are typically used to reimburse overtime costs for highway safety enforcement.
- 10-324-0419 Cigarette Tax**  
The cigarette tax that is imposed by the Town and administered by the Northern Virginia Cigarette Tax Board has been in effect since FY 04. The Cigarette Tax rate remains consistent with FY 15.
- 10-324-0421 CDBG**  
No grant funds were awarded for FY 16, but we will continue efforts in applying for future CDBG Grants.
- 10-324-0700 Community Center Fees**  
The amount budgeted in this line item is based on FY 15 numbers and projected FY 16 fees.
- 10-324-0805 Town Events**  
The Town receives “rental” payments from vendors for several of the events that it sponsors. These funds are shown in this line item. This amount is based on FY 15 actual and projected numbers.
- 10-324-0901 Transfer from General Funds**  
A total of \$542,000 is recommended to be transferred for new CIP related projects, professional contracts and other one-time expenses to fund ongoing and unfinished initiatives from FY15. This funding is being transferred from monies that have been built up in the General Fund over the last several fiscal years in anticipation of transfers like this to the operational budget. (Funding in the amount of \$336,000 of this transfer is earmarked to purchase land for the construction of a new police station.)
- 10-324-0902 Transfer from SWM Funds**  
Funding in the amount \$120,000 is needed to supplement FY16 collected amounts for planned Storm Water Management projects in FY16.

- 10-324-1201 Christmas in Dumfries**  
The Police Department solicits funds from businesses and individuals each year to take children from low-income families in the Dumfries community on a shopping trip prior to Christmas. Funds collected are placed in this line item. Funds not spent in a preceding year are re-appropriated for this purpose. This amount is based on FY 15 YTD numbers, which show a marked decrease in donations from previous years.
- 10-324-1206 Fire Fund Program**  
The Commonwealth of Virginia places a surcharge on property insurance premiums paid by individuals and utilizes the funds collected to help offset the cost of providing local fire protection programs. Funds received by the Town are provided to the Fire Department for use in acquiring additional equipment.
- 10-324-1300 Stormwater Management**  
The Town has an established fee schedule for storm water management that is collected from property owners at the same time as real estate taxes. This amount budgeted for FY 16 is based on the projected FY 15 collected amount.
- 10-324-1301 Stormwater Management Program Development and Implementation Grant**  
This was a one-time grant supported revenue in the FY 15 budget that does not carry over into the FY 16 Budget.

**10-412 Administration**

**Department Mission**

The mission of the Office of Administration (Town Manager's Office) is to provide leadership, promote community spirit, elevate the citizens' quality of life, maintain the fiscal health of the community, and carry out the policies put in place by the Town Council. This will be achieved by:

- Providing for the safety and well-being of Town residents and businesses
- Providing our residents, guests and businesses with quality and reliable public services
- Sustaining the public trust through open and responsive government
- Advising Council on the affairs of the Town
- Addressing citizens' comments in a timely manner
- Maintaining the long-term vitality of the Town through sound planning and prudent financial management
- Maintaining appropriate fund balances, capital contribution levels, and debt payment amount
- Monitoring and controlling spending in accordance with the adopted budget

**FY16 Goals**

1. Continue to review the Zoning Ordinance and make additional recommendations based on citizen and business input.
2. Attract new business, investment and economic development to the Town of Dumfries.
3. Update the Capital Improvement Program.
4. Increase code and zoning enforcement in the Town.
5. Improve inter-governmental relationships, particularly with County, State, and Federal leaders.
6. Enhance staff, Council, and citizen use of technology, and improve our technology infrastructure.
7. Improve staff customer service skills and response times to both Council and constituents.
8. Consider staff and/or departmental restructuring to ensure the most efficient, cost-effective service delivery in all areas of Town government.
9. Increase the use of grant funding, and utilize grant funding in a timely manner.
10. Undertake a records management audit and continue to review and organize old existing Town records.
11. Implement recommended records management policies as staff and budget allows.
12. Improve customer service to citizens and provide training to all employees whose jobs require frequent interaction with citizens.

The police department anticipates a \$10,000 award in FY16 (October 2015). The award funds are used to compensate police officers who work special traffic details.

**10-431-0203 Retention**  
This program was designed as an incentive to retain Police Officers with the ranks of Officer and Sergeant by providing them a stipend to stay with the Department as they gain several years of experience. With experience they become more marketable to other agencies and the retention stipend encourages officers to remain with the Department.

**10-431-0204 Supplements**  
This line item funds compensation to officers who attain certification through additional training and education to improve the professionalism of the department. There are two certifications where supplements are provided: field training officer and crime scene technician.

Field Training Officers are compensated \$1 per hour during times they actively train a recruit and new officer. The Police Department currently has two officers, two sergeants, and the captain who are certified as a field-training officer.

Crime Scene Technicians are provided a supplement of \$500 per year. These officers are trained in advanced knowledge and skills that provide them the ability to collect and preserve evidence beyond a skill level of most officers. The police department strives to have a minimum of one officer on each squad who is certified as a CST.

**10-431-0205 Line of Duty Act**

This covers Line of Duty Act benefits. This act is mandated by State Legislation and the amount is set by the State.

**10-431-0206 Byrne Grant**

This line item reflects the amount of grant awarded for FY15 and is used for minor Police Department purchases.

**10-431-0300 Payroll Taxes**

This line item provides the employer's share of FICA at 7.65% of the total salary line item.

**10-431-0400 Pensions**

Pensions include the cost of retirement, group life insurance and the retiree health insurance credit.

**10-431-0401 Benefits**

This line item includes the cost of health insurance, including dental, for employees within the department. The Town pays 100% of the cost of employee coverage and 20% of dependent coverage to meet the minimum requirements of the Local Choice Program.

**10-431-0500 Travel / Training**

This line item includes the cost of all police related training as well as the attendance (including travel, meals, lodging, and registration).

**10-431-0600 Physicals & Hiring Costs**

This line item represents the costs for any required officer's physical examinations and random drug tests; as well as physicals, background investigations, psychological exams, polygraphs, and Hepatitis B shots for new hires.

**10-431-0700 Uniforms / Maintenance**

This line item includes sufficient funds to pay for uniform cleaning and maintenance at a level of \$135.00 per quarter for 11 sworn officers. It also continues to provide a planned uniform replacement cycle based on normal wear and damage to issued uniforms. Finally, this line item provides funds to uniform new hires.

**10-431-0800 Dues / Subscriptions**

This line item includes sufficient funds for membership in professional law enforcement organizations that provide continuing education in law enforcement related best practices, new law implementation, trends in technology, etc. Additional funds are included for subscriptions to professional police publications. Finally, a six-month subscription fee of \$1,250 that may be implemented in FY16 for the Police Department to continue participation in the LinX (Law Enforcement Information Exchange) system. Approximately 1,300 law enforcement agencies in different parts of the United States participate in regional systems of LinX, the Department of the Navy has funded the majority of LinX through NCIS; however, the plan is to possibly begin to share the funding more equitably with user agencies beginning in FY16.

- International Association of Chiefs of Police
- Virginia Association of Chiefs of Police
- Virginia FBI National Academy Associates
- Virginia Gang Investigators' Association
- D.A.R.E. Association
- Virginia Crime Prevention Association
- Virginia Law Enforcement Accreditation Coalition
- LinX

**10-431-0900 Court Appointed Attorneys**

This line item includes the initial cost to the Town for defendant's attorney fees for court appointed attorneys. If the defendant is convicted these costs are eventually returned to the Town.

**10-431-2000 Vehicle Maint / Ops**

This line item includes the continuation of maintenance for each vehicle within the police fleet based on a preventive maintenance schedule designed to keep the fleet in line with vehicle manufacturer's maintenance schedules and safety requirements, to include the purchase of tires. This estimated cost has slightly increased as the majority of the fleet is continuing to age. Most of the estimated costs for FY16 are related to the repair and maintenance costs for the fleet's five older Dodge Chargers.

**10-431-2001 Fuel**

Fuel costs have remained very unpredictable in recent years and this line item is the amount allocated for fuel based on the best estimate possible based upon fuels costs, an average of actual use from the previous year, and staffing.

- 10-431-2300 Equipment / Repairs**  
 This line item is used for the purchase, repair, and required periodic calibration of equipment to include radar units, tuning forks, in-car camera systems, portable radios, emergency equipment, etc., and includes the probability of an unexpected repair need.
- 10-431-3000 Office Expense**  
 This line item is used for all office expenditures, to include filing supplies for each case. The Department handles approximately 3,500 cases each year. Each case requires a separate file, which includes labels for each file. This line item also includes every administrative supply utilized by the Department, to include ink for printers, fax machine, paper, forms, tickets, etc. The items purchased are necessary to keep the agency operating in a professional manner.
- 10-431-3100 Contracts**  
 This line item covers all yearly contracts for the Police Department.  
     Copier Lease  
     Shredder Maintenance  
     Virginia Information Technologies (for Virginia Crime Information Network)
- 10-431-3300 Supplies**  
 This line item is used for all weapon and range supplies, to include ammunition, evidence, radio batteries, emergency supplies, equipment issued to officers, and other miscellaneous supplies.
- 10-431-4200 "Christmas in Dumfries"**  
 This line item represents expected public donations that cover the out of pocket costs for conducting the program whereby children from eligible families in Dumfries participate in a shopping trip before Christmas. Contributions are provided from the community with no public fund involvement.
- 10-431-5700 Chief's Expense**  
 This line item covers the cost of the Chief's participation in various activities and programs of a reciprocal nature such as attendance at retirement events, ceremonial functions and the like.
- 10-431-5900 Crime Prevention Program**  
 There is an increase in this budget line item due to the expansion of community based crime prevention programs, to include the School Resource Officer's need for books, training aids, and material for programs implemented in Dumfries Elementary School.

Additional costs will fund our ability to continue to maintain positive relationships the Department first established with programs implemented in FY12. An example is the continued relationships with youth who graduated from the Kid's Academy through semi-annual gatherings with officers. Also included in this request is funding for FY16 programs such as National Night Out, Kid's Academy, Women's Self-Defense Training Program, Community Programs, and the purchase of Crime Prevention materials.

**10-431-7003 Rental Space**

This line item includes funding for the yearly rent, insurance, property tax, and Common Area Maintenance fees associated with providing operating space for the Police Department.

**10-442 Community Development**

**Department Mission**

The goal for Planning and Zoning is to work on behalf of the residents and businesses to plan for the future growth of the community by, administering and enforcing the Town’s Zoning Ordinances, respond to customer inquiries and concerns, identifying and putting in place sound planning and land use development practices that will enhance, preserve, conserve, and improve the livability of the Town of Dumfries; and to promote awareness of the vital role of short and long-term planning has in shaping the future growth of the community.

**FY16 Goals**

1. Finalize a process flow chart and a checklist for Planning and Zoning Applications to better facilitate the application process.
2. Improve the organizational system of Planning and Zoning Applications to provide greater accessibility for Town staff and the general public.
3. Continue to update the technical sections of the Zoning Ordinance to better align with the Comprehensive Plan.
4. Continue to improve code enforcement activities in the Town by adding a code enforcement position to proactively identify violations.
5. Provide exceptional customer service to the Town’s residents and businesses.
6. Continue to respond to residential and business concerns in a timely and courteous manner.
7. Identify areas where we can streamline processes to be more efficient and effective.
