- DISCUSSION AND/OR DECISION
 - Introduction Resolution
 - Ordinance Grant/MOU
 - By Motion Bylaws
 - Certificate

PRESENTER: Gregory Tkac

PRESENTER TITLE: Director of Public Works

AGENDA ITEM:

Transfer of Debris Wall funds (project number 76681)

BACKGROUND / SUMMARY:

The Debris Wall Project was established in 2001 to prevent debris from I-95 from entering onto private property in Prince William Estates. Sound barrier is being installed at this location as part of the VDOT Hot Lane project.

Public Works recommends that project number be removed from the VDOT SYIP (Six Year Improvement Plan) and that the funds associated with the project be transferred to a new project. The new project as identified in our current CIP is the Possum Point Drainage and Roadway Improvement project. The project consists of drainage improvements, the installation of cross drainage, and the total reconstruction of the portions of Possum point Road, complete overlay and restriping.

A resolution will be placed under the consent agenda on December 11 to transfer \$619,000 from the debris wall project (project number 76681) and placed on the Possum Point drainage and roadway improvement project (project number to be established).
